Class Assignments

Student schedules and class assignments are subject to the discretion of the District based on student needs and course availability.

Equal Access to School Facilities

The school district has created a limited open forum for secondary students to conduct non-curriculum-related meetings during non-instructional time. The school district will not discriminate against or deny equal access or a fair opportunity on the basis of the religious, political, philosophical, or other content of the speech at such meetings. These limited open forum meetings will be voluntary and student initiated; will not be school sponsored; employees or agents of the school will be present at religious meetings only in a non-participatory capacity; the meetings will not interfere with the orderly conduct of educational activities within the school; and non-school persons will not direct, control, or regularly attend activities of student groups. All meetings under this provision must follow the procedures established by the school district.

1. Students should learn to plan ahead and develop personal responsibility by not asking to call for forgotten materials and equipment, or instructions.
2. The school will cooperate in taking messages and relaying the information to the students, but this must be done in a manner and at a time that will not interrupt classes.

Nondiscrimination [*]

The school district is committed to inclusive education and providing an equal educational opportunity for all students. The school district does not discriminate on the basis of race, color, creed, religion, national origin, sex, gender, marital status, parental status, status with regard to public assistance, disability, sexual orientation, or age in its programs and activities. The school board has designated the Superintendent, as the district's human rights officer to handle inquiries regarding nondiscrimination.

Notice of Violent Behavior by Students []**

The school district will give notice to teachers and other appropriate school district staff before students with a history of violent behavior are placed in their classrooms. Prior to giving this notice, district officials will inform the student's parent or guardian that the notice will be given. The student's parents/guardians have the right to review and challenge their child's records, including the data documenting the history of violent behavior.

Parents/guardians who visit the school should sign in at the school office before entering a classroom. For more information, contact the School Secretary.

Any person who does not wish to participate in reciting the Pledge of Allegiance for any personal reason may elect not to do so. Students must respect another person's right to make that choice. Students will also receive instruction in the proper etiquette toward, correct display of, and respect for the flag.

School Activities

The school district provides opportunities for students to pursue special interests that contribute to their physical, mental, and emotional health; however, instruction is the school district's priority.

Students who participate in school-sponsored activities are expected to responsibly represent the school and community. All rules pertaining to student conduct and student discipline apply to school activities.

All spectators at school-sponsored activities are expected to behave appropriately. Students and employees may be subject to discipline and parents/guardians and other spectators may be subject to sanctions for inappropriate, illegal, or unsportsmanlike behavior at these activities or events.

The MACCRAY School District is a member of the Minnesota State High School League (MSHSL). Students who participate in MSHSL activities must also abide by the MSHSL rules. The district will enforce all MSHSL rules during the school year and in the summer where applicable.

Employees who conduct MSHSL activities will cover applicable rules, penalties, and opportunities with students and parents/guardians prior to the start of an activity. For more information about the MSHSL rules and student eligibility requirements, contact Jim Trulock, Activities Director.

School Closing Procedures

School may be canceled when the superintendent believes the safety of students and employees is threatened by severe weather or other circumstances. The superintendent will make a decision about closing school or school buildings as early in the day as possible. An instant alert via Infinite Campus will be sent out to all parents who have registered for this service. Additional notifications will be broadcast on the MACCRAY Facebook page, TV stations WCCO, KSTP, KARE11, FOX9 and radio stations KQIC (FM102.5), KWLM (AM1340 and FM96.3), KDMA (AM1460), KDJS (AM1590), KMGM (FM105), K95.3 FM, and 97.3FM. Be sure your child's early dismissal and snow emergency information is completed and is in the school office.

Searches

In the interest of student safety and to ensure that schools are drug-free, district authorities may conduct searches. Students violate school policy when they carry contraband on their person or in their personal possessions or store contraband in their desks, lockers, or vehicles parked on school property. "Contraband" means any unauthorized item, the possession of which is prohibited by school district policy and/or law. Local law enforcement will conduct random, unannounced searches for drugs/alcohol and weapons.

If a search yields contraband, school officials will seize the item(s) and, where appropriate, give the item(s) to legal officials for ultimate disposition. Students found to be in violation of this policy are subject to discipline in accordance with the school district's "Student Discipline" policy, which may include suspension, exclusion, expulsion, and, when appropriate, the student may be referred to legal officials.

Lockers and Personal Possessions Within a Locker [*]

According to state law, school lockers are the property of the school district. At no time does the school district relinquish its exclusive control of lockers provided for the convenience of students. Inspection of the interior of lockers may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

Students' personal possessions within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. Whenever feasible, either the student involved or a third party will be present during the search. As soon as practicable after the search of a student's personal possessions, the school officials will provide notice of the search to students whose lockers were searched unless disclosure would impede an ongoing investigation by police or school officials.

Desks

School desks are the property of the school district. At no time does the school relinquish its exclusive control of desks provided for the convenience of students. Inspection of the

interior of desks may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

Personal Possessions and Student's Person

The personal possessions of a student and/or a student's person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

Vehicles on Campus []**

Patrols and Inspections

School officials may conduct routine patrols of student parking lots and other school district locations and routine inspections of the exterior of the motor vehicles of students. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

Search of the Interior of a Student's Motor Vehicle

The interior of a student's motor vehicle in a school district location, including the glove and trunk compartments, may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. The search will be reasonable in its scope and intrusiveness. Such searches may be conducted without notice, without consent, and without a search warrant. A student will be subject to withdrawal of parking privileges and to discipline if the student refuses to open a locked motor vehicle or its compartments under the student's control upon the request of a school official.

Student Publications and Materials

The policy of the school district is to protect students' free speech rights while, at the same time, preserving the district's obligation to provide a learning environment that is free of disruption. All school publications are under the supervision of the building principal and/or sponsor. Non-school-sponsored publications may not be distributed without prior approval.

School-Sponsored Student Publications

The school district may exercise editorial control over the style and content of student expression in school-sponsored publications and activities. Faculty advisors shall supervise student writers to ensure compliance with the law and school district policies. Students producing official school publications and participating in school activities will be under the supervision of a faculty advisor and the school principal. "Official school publications" means school newspapers, yearbooks, or material produced in communications, journalism, or other writing classes as part of the curriculum. Expression in an official school publication or school-sponsored activity is prohibited when the material:

- Is obscene to minors;
- Is libelous or slanderous;

- Advertises or promotes any product or service not permitted for minors by law;
- Encourages students to commit illegal acts or violate school regulations or substantially disrupts the orderly operation of school or school activities;
- Expresses or advocates sexual, racial, or religious harassment or violence or prejudice;
- Is distributed or displayed in violation of time, place, and manner regulations.

Expression in an official school publication or school-sponsored activity is subject to editorial control by the school district over the style and content when the school district's actions are reasonably related to legitimate pedagogical concerns. Official school publications may be distributed at reasonable times and locations.

Student Records [*]

Student records are classified as public, private, or confidential. State and federal laws protect student records from unauthorized inspection or use and provide parents/guardians and eligible students with certain rights. For the purposes of student records, an “eligible” student is one who is 18 or older or who is enrolled in an institution of post-secondary education.

Student Surveys [*]

Occasionally, the school district utilizes surveys to obtain student opinions and information about students. For complete information on the rights of parents/guardians and eligible students about conducting surveys, collection and use of information for marketing purposes, and certain physical examinations, see *Appendix 4* in the back of this handbook. A complete copy of the school district's “Student Surveys” policy may be obtained by viewing District Policy 520 on the MACCRAY website.

Transportation of Public School Students

The school district will provide transportation, at the expense of the school district, for all resident students. Transportation will be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break, except in certain circumstances. The school district will not provide transportation for students whose transportation privileges have been revoked or have been voluntarily surrendered by the student's parent or guardian.

Extracurricular Transportation

The school district may provide transportation for students to and from extracurricular activities. To the extent the school district provides extracurricular transportation, the district may charge a fee for transportation of students to and from extracurricular activities and optional field trips at locations other than school.

[Note: The school board determines whether to provide transportation for students, spectators, or participants to and from extracurricular activities. If the school district does not provide extracurricular transportation, students who wish to participate or watch are responsible for arranging for or providing their own transportation.]

Video and Audio Recording

School Buses

All school buses used by the school district are equipped for the placement and operation of a video camera. The school district will post a notice in a conspicuous location informing students that their conversations or actions may be recorded. The school district may use a video recording of the actions of student passengers as evidence in any disciplinary action arising from student misconduct on the bus.

Places Other Than Buses

The school district buildings and grounds are equipped with video cameras. Video surveillance may occur in any school district building or on any school district property.

PART II — ACADEMICS

Alternative Educational Opportunities

Some students may be at risk of not completing their educational programs. The school district provides alternative learning options for students who are at risk of not succeeding in school. Alternative educational opportunities may include special tutoring, modified curriculum and instruction, instruction through electronic media, special education services, homebound instruction, and enrollment in an alternative learning center, among others. Students and parents/guardians with questions about alternative educational opportunities should contact the school counselor or the high school principal.

Cheating and Plagiarism

Cheating and plagiarism are prohibited. Students who cheat or commit plagiarism on any test or assignment will be given a failing grade for that test or assignment and will be disciplined in accordance with the school district's "Student Discipline" policy.

Class Rank/Academic Standing

Provisions for recognizing class rank and awarding academic honors are local decisions. Transcript grade point average is calculated on a graduated 4-point scale. Class

Valedictorian, Salutatorian, and Highest Honors (3.75-4.0) students are identified after the 1st semester of the senior year for calculated class work in grades 9-12.

College in the High School (CIHS)

MACCRAY High School offers a growing number of credits in-house through a partnership with Southwest Minnesota State University and Ridgewater College where students may earn dual credit. Currently a student may earn up to 35 college credits at MACCRAY. These courses are taught by MACCRAY teachers under the supervision of the college/university and a cooperating professor. The grading scale may be different from the MACCRAY High School grading scale.

Early Graduation

Students may be considered for early graduation after completing the conditions provided in district policy.

Extended School Year Opportunities

The school district provides extended school year opportunities to a student who is the subject of an Individualized Education Program (IEP) if the student's IEP team determines the services are necessary during a break in instruction in order to provide a free and appropriate public education. For more information on extended school year opportunities for students with an IEP, contact the Special Education Teacher.

Field Trips

Field trips may be offered to supplement student learning. Field trips may be optional and, if so, students who participate may be charged. Students will not be required to pay for instructional trips that take place during the school day, relate directly to a course of study, and require student participation.

Grades

Students' grades will be reported quarterly during the year. Parents will be alerted via Infinite Campus instant alert that report cards are available to view. Online grade reports may be reviewed on Infinite Campus available on the MACCRAY website. If you need help setting up online access to Infinite Campus please contact your building secretary. If you do not have internet access the building secretary will send you a hard copy of your child's report card at your request.

Teachers are expected to have grades updated by 8:00 a.m. on the first day of each school week. All subject areas will post grades online. Please contact the teacher directly if you have any questions of either grades or assignments, this may be done by phone or email.

M = Missing Work (Make-Up Work)

This mark indicates that work was missed and must be made up. Any work not completed, must be made up in order to receive a credit for the course. All assignments are an integral part of coursework and must be completed to the best of the student's ability.

- All students are required to complete all assignments. Teachers, however, have the discretion to deduct the amount of credit given when assignments are turned in late.

Tenth, eleventh, and twelfth-grade students may apply to enroll in Post-Secondary Enrollment Options (PSEO) and other advanced enrichment programs. General information about the PSEO program will be provided to all eighth, ninth, tenth, and eleventh-grade students by March 1. Qualifying credits granted to a student through a PSEO course or program that meets or exceeds a graduation standard or requirement will be counted toward graduation and credit requirements of the state academic standards. Interested students must fill out an application form and submit it to the School Counselor by May 30 for enrollment the following school year. The application form must be signed by the student and his/her

parent or guardian. Students wishing to take a PSEO course should contact the School Counselor.

Summer School

MACCRAY Middle and High School may provide summer school learning opportunities for students in need of credit recovery. For more information, contact the high school principal.

MACCRAY Elementary School may provide summer school learning opportunities. Information regarding our summer school program will be mailed out in the spring.

Parent Right to Know [*]

If a parent requests it, the school district will provide information regarding the professional qualifications of his/her child's classroom teachers, including, at a minimum, the following:

1. whether the teacher has met state qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
2. whether the teacher is teaching under emergency or other provisional licensing status through which state qualification or licensing criteria have been waived;
3. the baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree;
4. whether the student is provided services by paraprofessionals and, if so, their qualifications.

In addition, the school district will provide parents with information as to the level of achievement of their child in each of the state academic assessments. The school district also will provide notice to parents if, for four or more consecutive weeks, their child has been assigned to or taught by a teacher who is not highly qualified.

State Testing

Parents may allow their students to opt-out of state testing. The form for opting out is on the district website. Please be advised that all opt-out requests will be treated as a fail and will count against the school and district scores that are reported by the State. The testing calendar can be found on the district website.

PART III — RULES AND DISCIPLINE

Attendance []**

Regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability. For detailed information, see the “Student Attendance” policy in *Appendix 1*.

Backpacks/Handbags

Middle and High School

Because of security, safety, and health concerns, students are not allowed to carry backpacks during the school day. Students may use a backpack to transport books and belongings to and from school. Backpacks must remain in lockers between 7:56 a.m. and the end of the day. Handbags smaller than a school textbook may be carried at school. A Trapper Keeper, Five Star 2” Zipper binder or something similar in nature will be allowed. These binders are approximately 12 ¾” by 12”. Exceptions to this rule may be granted to students with special circumstances at the discretion of the Principal.

Bullying Prohibition []**

The school district is committed to providing a safe and respectful learning environment for all students. Acts of bullying, in any form, by either an individual student or a group of students, is prohibited on school district property, at school-related functions, and by misuse of technology. For detailed information regarding the school district’s “Bullying Prohibition” policy, see: Policy 514.

Buses – Conduct on School Buses and Consequences for Misbehavior []**

Riding the school bus is a privilege, not a right. The school district’s general student behavior rules are in effect for all students on school buses, including nonpublic and charter

school students. The school district will not provide transportation for students whose transportation privileges have been revoked.

The school district is committed to transporting students in a safe and orderly manner. To accomplish this, student riders are expected to follow school district rules for waiting at a school bus stop and rules for riding on a school bus.

While waiting for the bus or after being dropped off at a school bus stop, all students must comply with the following rules:

- Designated bus route and bus number must be taken. No alternate bus routes may be taken (ex. going to a friend's house after school).
- Get to the bus stop five minutes before your scheduled pickup time. The school bus driver will not wait for late students.
- Respect the property of others while waiting at the bus stop.
- Stay away from the street, road, or highway when waiting for the bus.
- Wait until the bus stops before approaching the bus.
- Do not attempt to enter the bus until the bus has come to a complete stop.
- Take a seat promptly.
- Respect the drivers and follow the driver's directions the first time they are given and at all times.
- Remain seated facing forward while the bus is in motion.
- Keep all parts of your body inside the bus.
- Keep your arms, legs, and belongings to yourself and out of the aisle.
- Talk quietly and use appropriate language (no bad language or put-downs).
- No fighting, harassment, intimidation, or horseplay.
- Do not throw any object.
- No eating, drinking, or use of alcohol, tobacco, or drugs.
- Do not bring any weapons or dangerous objects on the school bus.
- Do not damage the school bus or property belonging to others.
- After getting off the bus, move away from the bus.
- If you must cross the street, always cross in front of the bus where the driver can see you. Wait for the driver to signal to you before crossing the street.

Consequences for school bus/bus stop misconduct will be imposed by the school district under MACCRAY Schools policy 709 and adopted administrative discipline procedures. All school bus/bus stop misconduct will be reported to the school district's transportation safety director. Serious misconduct may be reported to local law enforcement.

Cell Phones/Earbuds and Other Electronic Devices

High School: Students are prohibited from using cell phones and other electronic communication devices, in the classroom, during the instructional day. All students will park their phones in the provided cell phone cubbies upon entering each classroom. High School students are allowed to use their cell phones during lunch and passing time. Students are

also prohibited from using a cell phone or other electronic communication device to engage in conduct prohibited by school district policies including, but not limited to, cheating, bullying, harassment, gang activity, etc. If the school district has a reasonable suspicion that a student has violated a school rule or law by use of a cell phone or other electronic device, the school district may search the device. The search of the device will be reasonably related in scope to the circumstances justifying the search. Students who violate school district policies regarding electronic devices may be subject to disciplinary action pursuant to the school district's discipline policy. In addition, a student's cell phone or electronic device may be confiscated by the school district and, if applicable, provided to law enforcement. Cell phones or other electronic devices that are confiscated and retained by the school district will be returned in accordance with school building procedures.

- Earbuds/headphone usage are permitted for use in the classroom at teacher discretion and during passing time/lunch.

CLASSROOM CELL PHONE POLICIES - Senior High School (6-12)

Teachers are expected to provide expectations and rules for responsible use documented in their course syllabus and explained verbally the first week of school. Each classroom teacher shall utilize the following option for cell phone usage in their classrooms:

- Participating in an electronic conversation relating to any of the above.
- Cyberbullying which is repeated cyber harassment.
- Bringing a threat, porn, obscenity, sexting or any of the above to school from an indirect location will constitute a disruption of the educational process and become subject to discipline.

Possible Consequences

- Loss of device for a period of time, as determined by Administration
- Mandated reporting to county social services
- Reports to law enforcement
- Removal from class
- Detention/Suspension/Exclusion/Expulsion

Discipline []**

Misbehavior by one student can disrupt the learning process for many other students. In addition, students must learn to practice good safety habits, value academic honesty, respect the rights of others, and obey the law. For detailed information on the Student Code of

Conduct and consequences for violations, see the complete “Student Discipline” policy in *Appendix 2*.

NOTE: All school discipline is at the discretion, and subject to the decision(s), of District Administration (Principals and Superintendent).

Dress and Appearance

Students are expected to be dressed appropriately for school activities and in keeping with community standards.

Appropriate clothing includes, but is not limited to, the following:

- Clothing appropriate for the weather.
- Clothing that does not create a health or safety hazard.
- Clothing appropriate for the activity (i.e., physical education or the classroom).

New Dress Code Policy

<ul style="list-style-type: none"> • A shirt that extends to the beltline and must have opaque fabric in the front, back, and on the sides under the arms • Tops with fabric from armpit to armpit and down to the beltline • Pants/jeans or the equivalent (for example, a skirt, sweatpants, leggings, a dress, or shorts) • Footwear <div style="text-align: center; margin-top: 20px;"> <p>The diagram shows a black silhouette of a person wearing a grey tank top. Red dashed lines and text specify requirements: 'must have straps' points to the shoulder straps; 'entire area from armpit to armpit to bottom of 3-4 inch length must be covered' indicates the full front and back area of the torso; and '3-4 inch length' points to the bottom hem of the tank top.</p> </div>	<ul style="list-style-type: none"> • Fitted pants, including opaque leggings, yoga pants and “skinny jeans” • Tank tops, including spaghetti straps; off-the-shoulder tops that meet criteria #1 (tops with fabric from armpit to armpit and down to the beltline) • Hats/Hoods with the ability to see ears as directed by staff (except for religious articles; this rule is subject to individual teacher policy)

Students CANNOT Wear
Violent images or language
Images depicting drugs, alcohol, profanity, pornography, or hate speech - including racist or discriminatory comments, displays, or acts (e.g. the Confederate flag, swastikas, etc.)
Images that create a hostile or intimidating environment
Tube tops or bralettes as a shirt
Costumes except for school-sponsored activities or dress-up days

In all cases, administration will determine what is appropriate based on the dress code. Students wearing inappropriate clothing may be asked to change, to go home to retrieve more appropriate clothing, or may be subject to disciplinary action. MACCRAY Public Schools respect that religious and/or medical needs/practices and may present alternatives to this policy for consideration. Students are encouraged to consult with administration in these cases.

Bottom Line: If the administration believes a student’s appearance, grooming, or mode of dress *interferes with or disrupts the educational process or school activities or poses a threat to the health or safety of the student or others*, the student will be directed to make modifications, have a parent/guardian bring in other items, or be sent home for the day. A parent or guardian will be notified.

Standards of Conduct for Couples

MACCRAY School District feels that most forms of public displays of affection are inappropriate in a K-12 setting. Holding hands will be the only form of body contact allowed. We will not tolerate activities such as, but not limited to, caressing, kissing, or leaning into each other at your lockers.

Drug-Free School and Workplace

The possession and use of alcohol, controlled substances, and toxic substances are prohibited at school or in any other school location before, during, or after school hours. This includes, but is not limited to the sale or use of cannabinoid products (on school grounds, school activities, or school transportation), made legal by state legislation in the summer of 2022 and 2023. Paraphernalia associated with controlled substances also is prohibited. The school district will discipline or take appropriate action against anyone who violates this policy.

District policy is not violated when a person brings a controlled substance which has a currently accepted medical treatment use onto a school location for personal use if the person has a physician’s prescription for the substance except marijuana is not allowed on school property even if prescribed. Students who have prescriptions must comply with the school district’s “Student Medication” policy. The school district will provide an instructional program in every elementary and secondary school on chemical abuse and the prevention of chemical dependency.

Harassment and Violence Prohibition [*]

The school district strives to maintain a learning and working environment that is free from harassment and violence on the basis of race, color, creed, religion, national origin, sex, gender, age, marital status, familial status, status with regard to public assistance, sexual orientation, or disability. The school district prohibits any form of harassment or violence on the basis of race, color, creed, religion, national origin, sex, gender, age, marital status, familial status, status with regard to public assistance, sexual orientation, or disability.

Title IX Regulations

MACCRAY's Title IX coordinator is the District Superintendent Jaosh Austad. He should be contacted at the high school office with all Title IX questions or concerns.

The following new Title IX regulations become effective on August 14, 2020

NEW DEFINITION OF "SEXUAL HARASSMENT"

Previously, sexual harassment for purposes of Title IX was defined as "unwelcome conduct of a sexual nature" that included "unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature." Under the new regulations, however, sexual harassment is now formally defined as conduct on the basis of sex that consists of:

1. An employee conditioning an individual's receipt of aid, benefit, or service on that individual's participation in unwelcome sexual conduct;
2. Unwelcome conduct that a reasonable person would find "so severe, pervasive, and objectively offensive" that it effectively denies a person equal access to the school's education program or activity; or
3. Sexual assault, dating violence, domestic violence, or stalking, as those terms are defined by federal law.

34 C.F.R. § 106.30. In addition to changing the definition, the new regulations now require that, if the conduct described by a formal complaint does not meet the regulatory definition, a complaint must be dismissed with respect to whether it constitutes sexual harassment under Title IX. 34 C.F.R. § 106.45(b)(2)(B)(3)(i). The school can move forward under its own code of conduct. However, for Title IX purposes, a formal complaint cannot move forward unless the complained-of conduct meets the new definition.

NEW POLICY REQUIREMENTS RELATED TO TITLE IX COORDINATOR

In addition to designating a Title IX coordinator, notifying all students and staff of that designation, and adopt a grievance policy consistent with Title IX regulations, schools must now also:

- Notify applicants for admission and employment, parents of elementary and secondary school students, and all unions, of the name of the employee designated as the Title IX Coordinator, in addition to continuing to notify students and employees;

- Notify all the above persons and groups of the existence of the grievance policy;
- Prominently display the Title IX coordinator’s contact information in its Title IX policy, including on any webpage or in any handbook where that policy appears; and 34 C.F.R. § 106.8.

NEW GRIEVANCE PROCESS REQUIREMENTS

A. The Formal Complaint Requirement

The new title IX regulations require schools to develop a grievance process for responding to formal complaints. For purposes of this requirement, a “formal complaint” is defined as a document that is either filed by the complainant or signed by the Title IX coordinator alleging sexual harassment and requesting that the school investigate the allegation of sexual harassment.

The existence of the term “formal complaint,” however, does not mean that there can be an informal complaint. To the contrary, while the new regulations do allow for complaints to be addressed via an informal resolution process if the complainant and respondent both voluntarily agree in writing to participate in that process, schools cannot offer an informal resolution process until a formal complaint has been filed. 34 C.F.R. § 106.45(b)(9). Moreover, as the Department of Education stated in commentary accompanying the new regulations, a third party is not allowed to file a formal complaint on the complainant’s behalf; the definition of formal complaint limits filers to complainants themselves and the Title IX coordinator. Thus, while third parties may still report sexual harassment, such reports do not constitute “formal complaints.” In the event that a complainant does not complete a formal complaint, a Title IX coordinator will need to do so to initiate the formal grievance procedure.

B. General Requirements

In general, the new regulations provide a school’s grievance process must treat respondents and complainants equally, objectively evaluate the evidence, presume the respondent is innocent until proven guilty, refrain from making credibility determinations based on the complainant/witness/respondent’s role in the proceedings, maintain reasonable timeframes, and describe both the range of disciplinary sanctions and supportive measures available under the process. See 34 C.F.R. § 106.45(b)(1).

One issue that is getting a lot of attention is the standard of proof. Previously, OCR encouraged schools to apply a preponderance of the evidence –“more likely than not”– standard. However, the new guidelines allow schools to choose to apply a “clear and convincing evidence” standard, which is often interpreted to mean “substantially more likely than not,” and is always construed as a greater weight of evidence than the preponderance of the evidence. Whichever standard a school chooses to apply must be applied for all sexual

harassment complaints, regardless of whether the complaint is brought against a staff member or student. See 34 C.F.R. § 106.45(b)(1)(vii).

C. The Notice Requirement

When a school receives a formal complaint, it must provide a written notice to all known parties. The notice must contain the following:

- Notice of the grievance process, including any informal resolution process developed by the school;
- Notice of the allegations with “sufficient details known at the time and sufficient time to prepare a response before any initial interview.” “Sufficient details” is defined to include:
 - o The identities of the parties involved in the incident;
 - o The conduct allegedly constituting sexual harassment under the new definition; and
 - o The date and location of the alleged incident.
- A statement that the respondent is presumed not responsible and that a determination regarding responsibility is made at the conclusion of the grievance process;
- A notice to the parties that they may have an advisor of their choice, who may be, but need not be, an attorney, and who may inspect and review evidence; and
- Notice of any provision of the school’s code of conduct that prohibits knowingly making false statements or knowingly submitting false information.

34 C.F.R. § 106.45(b)(2). If information required in the notice is not known when the complaint is filed, but is discovered during the school’s investigation, the school must share that information with both parties. 34 C.F.R. § 106.45(b)(2)(ii).

The new regulations expressly provide that complying with the new Title IX regulations is an exception to FERPA. 34 C.F.R. § 106.6(e). Thus, while it has always been important not to promise complainant’s anonymity, it is especially true now that, if a Title IX coordinator signs a formal complaint of sexual harassment, the complainant’s identity must be provided to the respondent. The Department of Education’s guidance accompanying the new regulations expressly provides that, “[w]hen a complainant desires to initiate a grievance process, the complainant cannot remain anonymous or prevent the complainant’s identity from being disclosed to the respondent via the written notice of allegations.” To the contrary, when a formal complaint is filed by a Title IX coordinator, the guidance provides that the required notice must include the identity of the parties if known, including the complainant’s identity.

D. The Investigation Process

The new regulations provide that the parties must be provided equivalent opportunities to present and review evidence, to have an advisor (who may be an attorney) present, and to have their advisor participate in any meeting, hearing, or investigative interview. One major change is that the parties must be provided all the evidence subject to inspection and review

in electronic format or hard copy, before the investigation report is completed. The parties must be given 10 days to submit written responses, and the investigator must consider any written responses when finalizing their investigation report. 34 C.F.R. § 106.45(b)(5)(vi).

Another change is that, when a complainant or respondent is being interviewed or otherwise met with, the school must give written notice of the date, time, location, participants, and purpose of such interview, meeting, or hearing, with sufficient time for the party to prepare to participate. “Sufficient time” is not defined by the regulations or their accompanying guidance.

Finally, investigation reports that fairly summarize the relevant evidence must be sent to the complainant and respondent at least 10 days before any determination of responsibility is made, for the parties’ review and written response. This 10- day window is separate from the 10-day window for the parties to review and respond in writing to the evidence, and this also constitutes a separate opportunity for the parties to respond. 34 C.F.R. § 106.45(b)(5)(vii). The investigation report cannot be “completed” until the first 10-day period and opportunity to respond has passed, and then the parties must have another 10 days to respond to the completed investigation report before any final determination is made.

E. Determinations of Responsibility

Under the new regulations, elementary and secondary schools subject to Title IX may voluntarily choose to provide for a live hearing as part of their grievance process, but are not required to do so. 34 C.F.R. § 106.45(b)(6)(ii). If the school chooses not to provide for a live hearing, after the investigation report has been provided to the parties, and before the school makes a final determination of whether or not the respondent is responsible for the alleged behavior, the school also has to provide each party the opportunity to submit “written, relevant questions” that the party wants asked of the opposing party or any witness, provide each party with the answers to their questions, and allow for additional, limited follow-up questions. Irrelevant questions can be excluded; however, the decision to exclude a question as irrelevant must be explained. Certain questions regarding the complainant’s sexual predisposition or sexual behavior are generally irrelevant, except for specific purposes related to demonstrating that someone other than the respondent engaged in the alleged behavior or if specifically related to an issue of consent.

Neither the Title IX Coordinator nor any investigator can make the final determination of whether or not the respondent is responsible for the alleged behavior. 34 C.F.R. § 106.45(b)(7). The decision maker must issue a written determination that includes:

- Identification of the allegations potentially constituting sexual harassment under the definition provided by the regulations;
- A description of the procedural steps taken in the grievance process;
- Findings of fact supporting the determination;
- Conclusions regarding the application of the school’s code of conduct to the facts;

- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any discipline imposed on the respondent, and any remedies provided to the complainant; and
- The school’s procedures and permissible reasons for either party to appeal.

34 C.F.R. § 106.45(b)(7)(ii). This determination must be provided to both parties simultaneously. The determination is not final, however, until the appeal period expires or any appeal is resolved. 34 C.F.R. § 106.45(b)(7)(iii).

F. Appeals

Schools’ Title IX grievance procedures must now allow either party to appeal a dismissal or determination that sexual harassment occurred. There are three required bases where all schools must allow for an appeal:

- If there was a procedural irregularity that affected the outcome;
- If new evidence that was not reasonably available at the time of the determination regarding responsibility or dismissal is subsequently discovered and could reasonably affect the outcome; or
- If the Title IX Coordinator, investigator(s), and or decision-maker(s) had a conflict of interest or was biased against either of the individual parties, or against complainants or respondents in general, and that conflict of interest or bias affected the outcome of the matter.

34 C.F.R. § 106.45(b)(8)(i). Schools may allow additional bases for appeal, so long as those bases are equally available to both parties. 34 C.F.R. § 106.45(b)(8)(i)(ii).

In the event of an appeal, the school sets equal procedures for both parties, provide that both parties have an opportunity to submit a written statement in support of, or challenging the outcome. The decision-maker(s) on appeal must be different than the initial decision maker(s), but still cannot be the Title IX Coordinator or the investigator(s)—accordingly, schools need to consider who will serve as decision maker(s) on these sorts of complaints at both levels, as well as who will serve as investigators or the Title IX coordinator. A written decision must be issued on appeal simultaneously to both parties.

NEW TRAINING REQUIREMENTS

All Title IX Coordinators, investigators, decision-makers, and informal resolution facilitators must receive training on the new definition of sexual harassment, how to conduct an investigation, how the school’s grievance process works, and how to serve impartially. Investigators must also be trained on how to write fair investigation reports, and decision-makers must be trained on issues of relevance with respect to the written questions submitted following the completion of the investigation report. 34 C.F.R. § 106.45(b)(1)(iii). All training materials required by the regulations must be retained for seven years and must be made publicly available on the school’s website or upon request if the school does not maintain a website. 34 C.F.R. § 106.45(b)(10)(i)(D).

Hazing Prohibition [*]

Hazing is prohibited. No student will plan, direct, encourage, aid, or engage in hazing. Students who violate this rule will be subject to disciplinary action pursuant to the school district's "Student Discipline" policy. For detailed information on the school district's "Hazing Prohibition" policy 526, please visit the district website.

Internet Acceptable Use

All school district students have conditional access to the school district's computer system, including Internet access, for limited educational purposes, including use of the system for classroom activities, educational research, and professional and career development. Use of the school district's system is a privilege, not a right. Unacceptable use of the school district's computer system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including, but not limited to, suspension, expulsion, or exclusion; or civil or criminal liability under other applicable laws. A copy of the school district's "Internet Acceptable Use" policy is available at the District website as policy 524.

Students will receive a copy of the school district's "Internet Acceptable Use" policy and are expected to understand and agree to abide by the policy as a condition of use of the school district's computer system. All students who wish to use the school district's computer system must sign the Internet Use Agreement forms below yearly.

Parking on School District Property

Students

The school district allows limited use and parking of motor vehicles by students in school district locations subject to the following rules:

- Parking a motor vehicle on school property during the school day is a privilege;
- Parking is permitted in designated areas only, by permit. For information, contact the high school principal.
- Students are not permitted to use motor vehicles during the school day in any school district locations unless an emergency occurs and permission has been granted to the student by the principal;
- Students are permitted to use motor vehicles on the high school campus(es) only before and after the school day;
- Unauthorized vehicles parked on school district property may be towed at the expense of the owner or operator.

The school district may conduct routine patrols of school district properties and inspections of the exterior of the motor vehicles of students. Interiors of students' vehicles in school district locations may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. If a search yields contraband, school officials may seize the item and may turn it over to legal authorities when appropriate. A student who violates this policy may be subject to withdrawal of parking privileges and/or discipline according to the school district's "Student Discipline" policy.

Visitors

Visitors are permitted to park in designated school district visitor parking areas. Unattended vehicles left in other locations on school district property may be towed at the owner's expense.

Tobacco-Free Schools []**

School district students and staff have the right to learn and work in an environment that is tobacco free. School policy is violated by any individual's use of tobacco, tobacco-related devices, or electronic cigarettes in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Students may not possess any type of tobacco, tobacco-related device, or electronic cigarette in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Any student who violates this policy is subject to school district discipline. For detailed information on the school district's "Tobacco-Free Environment" policy, District Policy 419. Contact the Principal, Activities Director, or school nurse if you have questions or wish to report violations.

[Note: A limited exception to the tobacco prohibition exists for adult members of an Indian tribe, as defined under Minnesota law, who may light tobacco on school district property as a part of a traditional Indian spiritual or cultural ceremony.]

Vandalism

Vandalism of any district property is prohibited. Violators will be disciplined and may be reported to law enforcement officials.

Weapons Prohibition

No person will possess, use, or distribute a weapon when in a school location except as provided in school district policy. A "weapon" means any object, device, or instrument designed as a weapon or through its use is capable of threatening or producing bodily harm or which may be used to inflict self-injury including, but not limited to, any firearm, whether loaded or unloaded; airguns; pellet guns; BB guns; all knives; blades; clubs; metal knuckles; nunchucks; throwing stars; explosives; fireworks; mace and other propellants; stun guns; ammunition; poisons; chains; arrows; and objects that have been modified to serve as a weapon. A weapon also includes look-alike weapons. Appropriate discipline and action will be taken against any person who violates this policy. The school district does not allow the possession, use, or distribution of weapons by students. Discipline of students will include, at a minimum: immediate out-of-school suspension; confiscation of the weapon; immediate notification of police; parent or guardian notification; and recommendation to the superintendent of dismissal for a period of time not to exceed one year. A student who brings a firearm to school will be expelled for at least one year, subject to school district

discretion on a case-by-case basis. To view a copy of the “School Weapons” policy 501, please see the District website.

PART IV — HEALTH AND SAFETY

Accidents

All student injuries that occur at school or school-sponsored activities should be reported to the building Secretary. Parents/guardians of an injured student will be notified as soon as possible. If the student requires immediate medical attention, the principal or other district leader will call 911 or seek emergency medical treatment and then contact the parent(s).

Asbestos Management Update [*]

The school district has developed an asbestos management plan. A copy of this plan can be found in the District Office and is available on the district’s website as policy 806.

Crisis Management

The school district has developed a “Crisis Management” policy. The new building has its own building-specific crisis management plan. Students and parents will be provided with information as to district-specific plans, in generalities.

The “Crisis Management” policy addresses a range of potential crisis situations in the school district and includes general crisis procedures for securing buildings, classroom evacuation, campus evacuation, sheltering, and communication procedures. The school district will conduct lock-down drills, fire drills, and a tornado drill. Plans include classroom and building evacuation procedures and have been developed in conjunction with local law enforcement.

Emergency Contact Information

The District will use the Infinite Campus Instant Alert system as our first method of contact, if possible followed by our district FaceBook page.

Listen to the following radio stations regarding a potential or impending emergency:
KQIC (FM 102.5), KWLM (AM1340 and FM96.3), KDMA (AM1460), KDJS (AM 1590),
KMGM (FM105), K95.3 FM, and 97.3FM

Lead in Water Testing

Lead-in-Water Annual Notification: 2022 – 2023 School Year

Minnesota Statute 121A.335 requires public school buildings serving pre-kindergarten through grade 12 to test for lead in water every 5 years. This Statute also requires school districts to make the results of the testing available to the public for review and notify parents of the availability of the information. Notification may be accomplished by publishing a statement in the “Student Handbook” newsletter or publication that is available to staff, students, parents and the public. MACCRAY Public Schools have historically conducted and continues to conduct Lead in Drinking Water testing per the Minnesota Department of Health guidelines.

MACCRAY Public Schools is committed to providing a safe working and learning environment for employees and students. The district has developed a Lead in Water management plan and testing program that complies with the Minnesota Statute 121A.335, as well as Minnesota Department of Health (MDH), and Minnesota Department of Education (MDE)

For more information on MACCRAY Public Schools lead reduction program and testing results, please contact Sherri Broderius, Superintendent at (320) 847-2154.

Health Information

Health Service

MACCRAY Schools Licensed School Nurse (LSN) is available each school day within the district. When the nurse is not available, please go to the office for health related needs. The secretaries have been trained to assist with minor injuries. The nurse is on call to respond to any health needs, when contacted. If a student experiences a more serious medical emergency at school, 911 will be called and/or a parent/guardian will be contacted depending on the situation. If the accident is of a serious or life threatening nature, emergency services will be contacted, followed by the parent or legal guardian. If we are unable to contact you, we will contact the person you have designated on your child’s emergency card. For this reason it is very important to provide us with accurate contact information and that phone numbers are updated as they may change throughout the year.

If a student has a serious health or medical issue which may affect them at school, please contact the LSN. Together parents and school personnel will make an appropriate health plan which will help the student manage any health concerns at school.

The District has installed automated external defibrillators (AED) either near the Office and near the Gymnasium/Cafeteria in each building. Tampering with any AED is prohibited and may result in discipline.

COVID-19 Policies

** COVID-19 policies are subject to change. All current COVID-19 information can be found on the MACCRAY website.*

Communicable Diseases

If a student becomes ill during the school day they should report to the office. Parents or guardians will be contacted and the student will be sent home. If we call because your child is ill, please make arrangements for your child to be picked up within an hour.

When your child is ill, please call the school office daily to report the illness. When calling please give a list of symptoms the student is experiencing.

A child should not come to school and will be sent home from school if they have:

- Fever over 100F - Student is not to return to school until 24hrs after the temperature returns to normal without the assistance of fever reducing medications, i.e. Tylenol.
- Stomach Flu - 24 hours after the last episode of vomiting or diarrhea.
- Influenza - 24 hours after the temperature returns to normal
- Ear infection - Not contagious, but child should see a physician and can return to school when pain is gone.
- Strep Throat - Student can return to school 12 hours after antibiotic treatment has started and fever is gone.
- Conjunctivitis (pink eye) - Student is not excluded unless they have a fever or are not healthy enough to participate in activities.
- Head Lice - A student found to have live lice (bugs) in their hair will be sent home from school. Student must be treated with lice killing shampoo before student will be readmitted to school.

This is not a complete list of communicable diseases that students can be excluded for. MACCRAY follows the guidelines set out by Hennepin County Infectious Disease. Please contact your school as soon as possible if your student is diagnosed with a communicable disease, so action can be taken to decrease the spread. Contact the LSN if you have any questions regarding communicable diseases or your student's health.

If a child is hospitalized or has a lengthy illness, parents should call the school so plans for continuing the child's education can be made perhaps through homebound or hospital instruction. Students with certain communicable diseases will not be excluded from attending school in their usual setting as long as their health permits.

Immunizations

Minnesota Statutes chapter 121A.15 requires that all children who are enrolled in a Minnesota school be immunized when starting school. Students may be exempted from the immunization requirement when the immunization of the student is contraindicated for medical reasons; laboratory confirmation of adequate immunity exists; or due to the conscientiously held beliefs of the parents/guardians or student. When a Student has a medical exemption a medical provider signature and statement of student exemption is needed. Conscientious objectors need to have parental signature on exemption form and have form notarized. Forms need to be turned into the school office and will be kept with student health forms. Please contact the LSN if an exemption form is needed.

Immunization requirements are:

- Kindergarteners are required to have 3 doses of Hepatitis B, 5 Doses of DTAP, 4 Doses of Polio, 2 doses of MMR, and 2 Doses of Varicella.
- 7th graders are required to have 1 dose of Tdap and 1 dose of Meningococcal.
- 12th graders need to have 1 booster dose of Meningococcal vaccine.

Medications at School During the School Day

The school district acknowledges that some students may require prescribed drugs or medication during the school day. Medications will be given at school only when the frequency of dosage makes it necessary for a dose or treatment to be given during school hours. Please make every attempt to take medications at home before or after school. The Licensed School Nurse or unlicensed assistive personnel (UAP), who has been trained in medication administration, will supervise the administration of medication. No medications will be given at school without the written permission of the parents. An “Administering Prescription Medications” form must be signed by parents and the prescribing physician for any prescription medications to be given during the school day. This form is available at the school office. Please note: this form must be completed yearly and/or when a change in the prescription or requirements for administration occurs. Prescription medications must be brought to school in the original container labeled for the student by a pharmacist, and must be administered in a manner consistent with the instructions on the label. Prescription medications are not to be carried by the student, but will be left with the appropriate school personnel. Exceptions that may be allowed include: prescription asthma medications administered with an inhaler pursuant to school district policy and procedures, epinephrine auto-injectors, medications administered as noted in a written agreement between the school district and parent or as specified in an Individualized Education Program (IEP), a plan developed under Section 504 of the Rehabilitation Act (§504 Plan), or an individual health plan (IHP). Marijuana is not allowed on school property even if prescribed.

Over the counter medications (OTC) can be administered to students throughout the school day when the parent signs an “Administering Non-Prescription Medications” form. This form is available at the school office. Medications have to be brought to school in the

original unopened bottle. It is preferred that medications be brought to school in small quantities. OTC medications without a physician prescription are to be administered in a manner consistent with the directions on the bottle. If a dose higher than what is written on the bottle is needed then a physician prescription is needed. Any OTC medication with a physician prescription will be treated as a prescription medication. OTC medications are not to be carried by the student, but will be left with the appropriate school personnel.

Pesticide Application Notice [*]

The school district may plan to apply pesticide(s) on school property. To the extent the school district applies certain pesticides, the school district will provide a notice by September 15 as to the school district's plan to use these pesticides. A parent may request to be notified prior to the application of certain pesticides on days different from those specified in the notice. Additional information regarding what pesticides are used, the schedule of pesticide applications, and the long-term health effects of the class of pesticide on children can be requested by contacting the District Superintendent at 847-2154.

Safety

The safety of students on campus and at school-related activities is a high priority of the district. While district-wide safety procedures are in place, student and parent cooperation is essential to ensuring school safety.

Visitors in District Buildings

Parents/guardians and community members are welcome to visit the schools. To ensure the safety of those in the school and to avoid disruption to the learning environment, all visitors must report directly to the school office upon entering the building, with the exception of events open to the public. All visitors will be required to sign in at the front desk and to wear a "visitor badge" while in the building during the school day. Visitors must have the approval of the principal before visiting a classroom during instructional time. An individual or group may be denied permission to visit a school or school property, or such permission may be revoked, if the visitor does not comply with school district procedures or if the visit is not in the best interests of the students, employees, or the school district.

Students are not allowed to bring visitors to school without prior permission from the principal.

PART V — Miscellaneous

Animals in the Classrooms -

Bringing animals on school property, for academic purposes only, requires at least a two-day notice to the building principal. The student and his/her parents must assure the Principal that the animal is healthy, is appropriately vaccinated and not a danger to others.

Pets for the purpose of “show and tell” may not be left in the school building for a period of more than one-hour in length. These animals must also be healthy and the owner must show that the animal is appropriately vaccinated. It is required that pre arrangements are made with the classroom teacher if your child wishes to bring their pet to school.

Service animals will be permitted in all buildings, with proper documentation.

Assemblies

Several educational and entertaining programs are held throughout the school year for students. This is a place where students’ courtesy and manners will be displayed. Quiet attention, proper applause, and proper respect will be required. Inappropriate behavior may result in disciplinary action, loss of assembly privileges, and an assignment to a study area.

Building Passes - High School

Except when passing to classes between hours, students shall be in the classroom at all times. Students should be kept out of the hallways for discipline, safety, and security reasons.

Passes may be given with teacher discretion for the following: restroom, administrative office, guidance, health service, and media center.

- Students must return to the class where they received the pass before the end of the period.
- Only office personnel may issue passes to leave the building.

Dances - Middle and High School

MACCRAY Public School sponsors dances throughout the school year, i.e. homecoming, prom, Sadie Hawkins. These dances are open to students who attend MACCRAY Public School and/or are a registered home schooled student within our district. Dances will run no later than 11:30 p.m. and doors will be locked one hour after the start of a dance. When you leave a dance you do not get back in (exceptions may be granted by dance supervisors)! Dance opportunities will be made available to some or all grade levels, with attention paid to grade-level equity as much as possible.

Students who would like to invite a guest to a school-sponsored dance must sign up the friend 1 week prior to the dance. Guests must be 19 years old or younger, (20 years old for prom), and must present a photo ID at the dance. The chaperones/administration reserves the right to deny the guest attendance to the dance.

Counseling and Guidance

Many students are troubled by problems, which interfere not only with their academic and co-curricular performance, but also with their emotional, physical, mental, and social development. Any student who is suicidal or in a crisis, or is concerned about another student who is suicidal or in a crisis, is encouraged to contact a teacher, a counselor, or the school social worker to gain immediate help.

Additional services provided at the high school include assistance with educational planning, interpretation of test scores, occupational information, career information, study assistance, help with home, school and/or social concerns, or any question the student may feel he or she would like to discuss with a counselor.

Finally, the MACCRAY school district has a partnership with Woodland Centers. Through this School-Link Mental Health partnership students are able to work with a therapist or skills person on site from Woodland Centers at each of our three buildings. Students or parents interested in this program should work with the school social worker or counselor to get a referral started.

Early Admission - Elementary

The MACCRAY Board of Education has adopted a policy permitting early admission to kindergarten of exceptionally mature children on the basis of a testing program. Children whose fifth birthday falls between September 1 and October 31 of the current year may be considered for early admission. It is well, however, to keep in mind that these children may be competing in school with children who are fourteen months older than them. The school does not believe it is educationally sound to admit a child to school early unless they are physically, emotionally, and intellectually ready to work with more mature pupils. If you feel that your child is exceptional, please request an Early Entrance to Kindergarten Application form at the elementary school office. Applications need to be received by May 1 st for a September entrance (or for a September start date).

Homeschool/ Shared Time Policy

The purpose of this policy is to recognize and provide guidance, in accordance with state law, for parents who wish to have their children receive an education in a home school that is academic and extracurricular activity opportunities for non-public students. A home

school is defined as a school with five or fewer students that meet the compulsory reporting requirements. The Compulsory Attendance Law (MN State 120.A22) provides that the parent or guardian of a child is primarily responsible for assuming that the child acquires the knowledge and skills that are necessary and essential for effective citizenship. (Mn Stat. 120.A22, Subd. 1)

The person in charge of a home school and the school district must provide instruction and meet the requirements specified in MN Stat 120.A22. Instructors must meet at least one of the following requirements in order to provide instruction to a child (MN Stat. 120.A22, subd 10):

- 1) Hold a valid MN teaching license in the field and for the grade level taught.
- 2) Be directly supervised by a person holding a valid MN teaching license.
- 3) Successfully complete a teacher competency examination.
- 4) Provide instruction in a school that is accredited by an accrediting agency, recognized according to MN Stat. Sections 123B.445, or recognized by the commissioner.
- 5) Hold a baccalaureate degree.
- 6) Be the parent of a child not enrolled in a public school who is assessed annually using a nationally norm-referenced standardized achievement examination (MN Stat. 120.A22, Subd. 11).

Curriculum must be provided in at least the following subject areas (MN Stat 120A22)

- 1) Basic communication skills including reading and writing, literature, and fine arts;
- 2) Mathematics and science;
- 3) Social studies including history, geography and government;
- 4) Health and physical education.

Reporting responsibilities (for non accredited schools, person or institutions not accredited by a state recognized accrediting agency:

- 1) Name, birthdate, and address of each child receiving instructions by Oct. 1 st .
- 2) Immunizations statements by Oct. 1 st .
- 3) Name of each instructor and evidence of compliance.
- 4) An annual instructional calendar.
- 5) For each child who is instructed by a parent who meets none of the options for being a qualified instructor except for being the parent of a child, a quarterly report card is required in each subject area.
- 6) Documentation indicating that the subjects required by law are, in fact, being taught. This documentation must include class schedules, copies of materials used for instruction, and descriptions of the methods used to assess student achievement.

Assessment (MN Stat. 120A.22 Subd. 11): Each year performance of every child who is not enrolled in a public school must be assessed using a nationally norm-referenced standardized achievement examination. The assessment to be used will be mutually agreed upon by the superintendent and the child's instructor. If the results of the assessment indicate that the child's performance on the total battery is at or below the 30th percentile or

one grade level below the child's age, then the parents must obtain additional evaluations for the purpose of determining whether or not the child has learning disabilities.

To the extent the standardized examination does not provide assessment in all subject areas required in Minnesota law, the parent must assess the child's performance in the applicable subject area(s). This only applies to the parent who provides instruction and does not meet instructor requirements 1, 2, 3.

Textbooks, instructional materials, standard tests: Upon formal request, as equipped by law, the school district will provide textbooks, individualized instructional materials, and standardized tests and loan or provide them for use by a home school child.

Extra-curricular/co-curricular activity participation: All resident pupils receiving instruction in home school are eligible to fully participate in extracurricular/co-curricular activities on the same basis as public school students.

PBIS

MACCRAY Schools will be implementing a Positive Behavioral Interventions and Supports program to support student growth and development. Please see Appendix 4 for the PBIS Behavior Matrix on page 62.

Posters

- Posters or signs shall not be placed in the building without permission from the School Office.
- Approved and initial posters may be placed in the following areas: on designated bulletin boards in the halls, on lockers, in the commons area, in individual rooms and in the show cases if the student has permission of the teacher.

The Prom and After Prom party is for MACCRAY students in grades 11-12. Sophomores may attend only if asked by a student in grades 11-12. No freshmen or any student older than 20 will be allowed to participate. All guests must complete an application form and gain approval before attending Prom. Any exceptions must be cleared with the principal.

Senior Privileges - High School

Seniors may earn Privileges that would allow them to leave school during Advisory. Students are able to earn one-quarter of Senior Privileges per year for exemplary behavior, **beginning Quarter two of their senior year**. Before privileges are granted, students must turn in a signed parent permission form allowing the student to leave school.

All of the following requirements must be met to earn Senior PRIDE privileges for a quarter:

- 1) Service learning hours need to be met and turned in (20 hours per year).
- 2) Students with MORE than two absences must have earned a minimum of a B average for each quarter (School sponsored activities are exempt).
- 3) Students with LESS than two absences must have earned a minimum of a C average for each quarter. (School sponsored activities are exempt)

Please note:

- Students failing one or more classes will have their senior privileges suspended until all classes are passing.
- If a student receives a major consequence or two minor consequences in a quarter Senior privileges will be revoked for the remainder of the quarter.
- Students who have three or more tardies in any class will have senior privileges suspended for four school days.

APPENDICES

1. Attendance

Regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability.

Minnesota statute and school policy defines excused absences from school as:

- illness of the student
- serious illness of the student's immediate family or a close friend or relative
- medical or dental treatment
- court appearances occasioned by family or personal action
- religious instruction not to exceed three hours in any week
- physical emergency conditions such as fire, flood, storm, etc.
- official school field trip or other school-sponsored outing
- pre-arranged family trips
- removal of a student pursuant to a suspension

Any other absences are considered unexcused. **Failure to notify the school office within 24 hours will result in an unexcused absence.**

Regular attendance is the responsibility of the student, their parent/guardian, and the school. If a student does not attend school on a regular basis, he/she will lose the benefits of continuous instruction.

A Student must have permission from the office before he/she can leave the school building during the day. This includes leaving due to illness. Unless permission is obtained, the absence is unexcused. Students must sign out in the office before leaving school. Failure to follow this process may result in an In-School Suspension (ISS).

1. All absences from class, regardless of the length, must be cleared through the office before you return to class. The office has the responsibility for approving or disapproving excuses for absence. Because attendance is important, absences are excused only under justifiable circumstances. What may be considered excusable from a personal viewpoint may not be excusable from an educational viewpoint. Most personal matters can be taken care of before or after school, on weekends or Mondays.
2. Parents are asked to call the office at 320-847-2154 and select the correct school: Elementary, Middle, High School from the list of options, on the morning of the day you are absent, indicating the reason for the absence.
3. A parent/guardian must excuse all absences, regardless of your age.

Examples of Excused Absences:

1. Student illness
2. Medical and dental appointments that cannot be scheduled before or after school or on Monday
3. Required court appearances
4. Religious observances
5. Pre-Arranged family trips. The trip must be pre approved by the office through contact from the parent by note or by phone. Make-up work, whenever possible, must be done in advance.
6. College visits with an appointment card signed by an admissions counselor, verifying the visit that is then returned to the office following the visit
7. Family emergencies
8. Special activities if given prior written permission by the administration
9. School sponsored activities

Examples of Unexcused Absences (not limited to):

1. Cutting class
2. Shopping, business or beauty appointments
3. Employment, baby-sitting
4. Work at home without prior approval
5. Oversleeping
6. Car trouble, which exceeds one per semester

7. Lack of transportation or missing the bus. Transportation to school is available to each student on the bus route. Absence from school because you do not have a ride is unexcused.
8. Leaving class early without the permission of the classroom teacher. You may not miss class for a meeting or other school function without first receiving permission from the classroom teacher. If it is not okay with the teacher, you must remain in the class; otherwise it is considered an unexcused absence.
9. Leaving the building for illness, accident, or any other reason without first getting permission from the office

When you return to school

- Bring a note signed by a parent/guardian or doctor to the office.
- Pick up a makeup slip from the office.

Twelve-Day Rule

A maximum of twelve absences (excused or unexcused) will be permitted each semester. When a student reaches eight absences in a semester, a letter may be sent home reminding parents of the twelve-day rule.

All absences in excess of twelve days will require a physician's note in order to be considered excused. All absences, excused and unexcused, count toward this limit.

Tardies (Grades 6-12)

A student is tardy if he/she is not in the classroom when the bell rings. The only exception is if the student has obtained a pass from the office excusing the tardy. Tardies will accumulate through the fall semester and then start over in the spring semester.

- Students with 4 or more unexcused class tardies will serve a detention.
- Students with 16 or more unexcused class tardies per semester, will serve one day of in-school suspension.

Attendance Appeal

The Attendance Appeal Form (below) should be filled out and submitted to the principal if you feel an absence should be considered excused. It can also be found in the Forms section of the online website.

SCHOOL AUTHORITY

Regulations governing students shall apply to all regardless of age. Students eighteen years of age or older must abide by any and all regulations which apply to the general student body handbook. Student absences for eighteen-year-olds will still require parent/guardian verification. The only exception to this is for students who are legally independent and are no longer claimed as dependents by the parent/guardian. The school shall continue to deal with parents of all students, including those eighteen years of age or older, so long as the student is at home and supported by parents. High school students who are not living at home must make arrangements with the Principal.

Truancy Act

The Act establishes a set of provisions relating to truancy. The Act creates a new chapter to deal with truancy programs and services. For purposes of the Act, the term "continuing truant" is defined to mean a child who is subject to the compulsory attendance requirements of Minn. State S.120.101 and is absent from instruction in a school without valid excuse within a single school year for:

- (1) three days if the child is in elementary school; or
- (2) three or more class periods on three days if the child is in middle school, junior high school or high school.

It provides that a child is not a continuing truant if the child is withdrawn from school by the child's parents because of a dispute with the school concerning the provision of special education services under the Individuals with Disabilities Education Act or accommodations and modifications under the Americans with Disabilities Act, if the parent makes good faith efforts to provide the child educational services from any other source. No parent who withdraws a child from school during a dispute with the school concerning the provision of special education services or accommodations and modifications is required to file homeschool papers if the parent provides written notice to the MDE or the district of the plan for the child's education.

Upon a child's initial classification as a continuing truant, the school attendance officer or other designated school official shall notify the child's parent or legal guardian, by first class mail or other reasonable means, of the following:

- (1) that the child is truant; (2) that the parent or guardian should notify the school if there is a valid excuse for the child's absences; (3) that the parent or guardian is obligated to compel the attendance of the child at school pursuant to Minn. State. S. 120.01 and parents or guardians who fail to meet this obligation may be subject to prosecution under Minn. State S.127.20; (4) that this notification serves as the notification required by Minn. State. S. 127.20; (5) that alternative educational programs and services may be available in the district; (5) that the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the child's truancy; (7) that the child continues to be truant, the parent and child may be subject to juvenile court proceedings; (8) that if the child if

subject to juvenile court proceedings, the child may be subject to suspension, restriction or delay of the child's driving privileges; and (9) that it is recommended that the parent or guardian accompany the child to school and attend classes with the child for one day.

Any student who engages in any of these activities shall be disciplined in accordance with this policy. This policy applies to all school buildings, school grounds, and school property or property immediately adjacent to school grounds;

discretion of the school district. At a minimum, violation of school district rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. 3. Bullying Prohibition

PURPOSE

The MACCRAY School District strives to provide safe, secure, and respectful learning environments for all students in school buildings, on school grounds, on school buses, and at school-sponsored activities. Bullying is conduct that interferes with a student's ability to

learn and a teacher's ability to educate. This policy protects students against bullying and retaliation by other students. This policy also protects any student who voluntarily participates in any district function or activity from prohibited conduct, whether the student is enrolled in the district or not. This policy can be found in the school's student handbook, within the school and district administrative offices, and electronically at www.maccray.k12.mn.us. The policy is also provided to all school employees, independent contractors, and volunteers who interact with students.

DEFINITIONS

"Bullying" is objectively offensive intimidating, threatening, abusive or harmful conduct directed by a student toward one or more students: when either (1) there is a real or perceived imbalance of power between those involved and the conduct reoccurs or forms a pattern; or, (2) the conduct materially and substantially interferes with the student's educational opportunities, performance, or ability to participate in school functions, activities or programs.

Bullying can be, but need not be, based on an individual's actual or perceived race, ethnicity, color, creed, religion, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation, including gender identity and expression, academic status related to student performance, disability, status with regard to public assistance, age, or any additional characteristic defined in Minnesota Statutes, Chapter 363A (commonly referred to as the Minnesota Human Rights Act). Bullying in this policy includes "cyberbullying," as defined below.

"Cyberbullying" is bullying that occurs when an electronic device, including, but not limited to, a computer or cell phone, is used to transfer a sign, signal, writing, image, sound or data and includes a post to a social network, Internet website or forum.

"Intimidating, threatening, abusive, or harming conduct" may involve, but is not limited to, conduct that causes physical harm or reasonable fear of harm to a student or a student's property, violates a student's reasonable expectation of privacy under Minnesota common law, defames a student, or constitutes intentional infliction of emotional distress against a student or retaliation for, or knowingly making a false report.

"Prohibited conduct" means bullying or cyberbullying as defined under this subdivision or retaliation for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about bullying.

"Remedial response" is appropriately prompt action taken to intervene, investigate, correct and prevent bullying from recurring, including protecting and supporting a student subjected to bullying and those who provided aid and support to the student.

"School" means a public or public charter school. "Student" means a student enrolled in a public or charter school.

PROHIBITED CONDUCT

Bullying is prohibited:

1. On school property, school district-provided transportation, or at designated locations for students to wait for school district-provided transportation.
2. During any school-sponsored or school-sanctioned program, activity, event or trip.
3. Using school computers, electronic technology, networks, forums or mailing lists.
4. Using electronic technology off the school premises that materially and substantially disrupts a student's learning or school environment.

A parent permission or consent by a student does not mean that bullying should be tolerated or allowed.

Retaliation is prohibited by any student or district employee against anyone who in good faith asserts, alleges, reports, or provides information pertaining to an alleged incident of prohibited conduct. The school district will take appropriate action against any student or district employee who engages in retaliation. Filing a false accusation of bullying is also prohibited.

INITIAL RESPONSE AND REPORTING

School Principal: School principal or designee ("principal/designee") is the person responsible for receiving reports of bullying at the school level. The principal/designee will ensure this policy and its procedures are fairly and fully implemented and serve as the primary person to address policy and procedural matters. If the complaint involves the principal/designee, the complaint shall be made to the superintendent.

Students

Students who believe that they have been bullied or have witnessed bullying are strongly encouraged to bring their concerns to the principal/designee but may bring their concerns to any school employee.

School Employees

Any employee who witnesses an incident or who possesses reliable information that would lead a reasonable person to believe that bullying has occurred shall:

1. Immediately intervene to protect the safety of the student subjected to the incident and other students involved, as appropriate to the context.
2. Make reasonable efforts to address and resolve the incident, including reporting the incident to the principal/designee, as deemed appropriate.
3. Cooperate fully in any investigation and resolution of the bullying incident. Independent

Contractors/Volunteers

Any independent contractor or volunteer who witnesses bullying or who possesses reliable information that would lead a reasonable person to believe that bullying has occurred is strongly encouraged to report the bullying incident to the principal/designee or any school employee and cooperate fully in any investigation and resolution of the bullying incident.

Anonymous reports will be accepted by the principal/designee. However, no disciplinary action will be determined solely on the basis of an anonymous report.

INVESTIGATION

Information Pertaining to Bullying Incidents:

The use of, access to, and disclosure of information pertaining to reports and investigations of prohibited conduct are subject to state and federal data practices laws. The school will notify affected individuals, including students and parents, of their rights related to information provided to and obtained by the school, in accordance with the school's legal obligations.

Information you provide to the district or school is subject to the Minnesota Government Data Practices Act. This law classifies certain information as available to the public on request.

Procedure:

Investigation of an alleged bullying incident shall be initiated as soon as possible, but in no instance after more than three school days of receipt of a report, and completed in a timely manner. Investigative records shall be maintained and regulated by the principal/designee.

The investigation should determine whether the reported incident constitutes a case of bullying. The determination should take into consideration the totality of the facts and circumstances surrounding the incident, including, but not limited to:

1. The developmental ages and maturity levels of the parties involved.
2. The level of harm, surrounding circumstances, and nature of the behavior.
3. Past incidences or past or continuing patterns of behavior.
4. The relationship between the parties involved.
5. The context in which the alleged incidents occurred.

In all cases, the alleged actor will be entitled to raise a defense and any other recourse in the district discipline policy.

REMEDIAL RESPONSE

The principal/designee shall design and implement remedial measures to correct and prevent further prohibited conduct, protect and provide support for the target of bullying, and take corrective action for documented systemic problems related to bullying.

Many student conflicts can be resolved immediately and do not require reporting or creation of an incident report. Schools must respond to bullying in a manner tailored to the individual incident, considering the nature of the behavior, the developmental age of the student, and the student's history of prohibited conduct and performance.

When a student engages in bullying, a school should use multi-tiered levels of response that are individualized, consistent, reasonable, fair, age-appropriate, and should match the severity of the student's behavior and developmental age.

When appropriate, the school district shall provide the target, actor, and other affected individuals with information about available community resources to aid in the remedial process.

PROFESSIONAL DEVELOPMENT AND EDUCATION

School Employees

The school district shall require employees to receive ongoing professional development training to build their skills to implement this policy. Training will be required for new employees and on a training cycle that does not exceed once every three years for all employees who regularly interact with students. The content of the training will include, but not be limited to:

1. Strategies to prevent, intervene and effectively stop bullying in a manner developmentally appropriate to the context of an incident.
2. Information about the complex interaction and power differential that can take place between and among an actor, target, and witness to bullying.
3. Research findings on bullying, including information about specific categories of students who have been shown to be particularly at risk, and any specific interventions that may be particularly effective for addressing bias-based bullying.
4. Information about Internet safety issues as they relate to bullying.
5. A review of the district's reporting requirements related to bullying.

Students

The school will encourage character development and other developmentally appropriate programmatic instruction to help students identify, prevent, and reduce bullying and create a safe learning environment. The superintendent or designee shall determine the scope and

duration of the units of instruction and topics covered but the training shall include evidence-based, social-emotional learning to prevent and reduce discrimination and other improper conduct and to engage all students in creating a safe and supportive school environment.

Where appropriate for a child with a disability, as determined by the child’s 504 or Individualized Education Program (IEP) team, the school district shall allow the child’s IEP or section 504 plan to address the skills and proficiencies the child needs to respond to or not engage in bullying.

[MACCRAY Disciplinary Matrix Link](#)

Disciplinary Matrix Mission: A positive learning environment cannot be maintained without good discipline. Teaching and learning are enhanced by good discipline and high standards of conduct. Teachers are of utmost importance in the maintenance of good discipline and must have support of the administration and school board. We solicit parents' support in dealing with conduct or other problems and will communicate by email, telephone, or letter. We expect behavior on the part of students which is responsible, appropriate and acceptable. Most instances of misconduct are handled between the teacher and the student; however, in more serious instances, other persons may need to get involved. This section explains the disciplinary policy at MACCRAY Public Schools.

Positive Behavioral Expectations	
The following are examples of, but not limited to, the types of positive behaviors that are expected of students at MACCRAY Schools.	
<ol style="list-style-type: none"> 1. Displaying a serious approach to learning in the school environment 2. Showing respect for self and others 3. Showing kindness toward school employees and fellow students 4. Treating other people in a way one would like to be treated 5. Handling the property of self, school and others with care 	<ol style="list-style-type: none"> 6. Following the rules and regulations of the school 7. Complying with the laws of society 8. Respecting the rights of other individuals 9. Being honest in dealings with school employees and fellow students 10. Accepting responsibility for one's own behavior

Rules of Conduct Definitions
* Admin discretion = An Asterisk will denote that the consequences for the behavior at the level indicated is to be determined by the building level individual(s) responsible for enforcing behavior problems.
Yearly Consequences = Misbehavior indicated as such will reload to level one, 1st offense, each school year.
Cumulative = Misbehavior indicated as such will accumulate at the building level for the duration of a student's enrollment in that building. Ex. elementary, middle, high school. These misbehaviors will revert to level one, 1st offense, when a student goes to the next building level unless the violation is criminal in nature (reported to law enforcement authorities). In the case of criminal violations, the violations will be cumulative across building levels

Rules of Conduct Expectations

Students are expected to demonstrate positive behaviors and adhere to classroom expectations and acceptable standards of behavior. When students have difficulty in doing so, the district will impart appropriate consequences while also using the situation as a learning opportunity for the student(s). While it is not possible to account for all potential behavior concerns, the following behavioral scenarios provide a good representation of the district's approach toward discipline. The noted consequences apply regardless of whether the misbehavior took place in school, on district property, in a district vehicle or at a school or district activity regardless of location. The Principal or administration has the discretion to go "up to" the suggested number of days in areas that call for multiple day detention or suspension. Suspension can be prescribed as In School Suspension (ISS) or Out of School Suspension (OSS).

Suspension Conditions

Conditions during Out of School Suspension and dismissal:

- Absences - Absences during the suspension will count as excused absences. In other words, no truancy will be filed because of excessive absences due to the suspension. Suspensions longer than 10 days will be considered homebound instruction and attendance will be required.
- Grades - The student has the right to make up any and all class work so grades do not suffer due to the suspension.
- Homework - A homework procedure will be set up so the flow of homework to and from home can be accomplished. This includes but is not limited to Google Classroom, parent pick-up etc.
- Eligibility - Students are ineligible to play in any game, meet, match, contest, performance, participate in prom, participate in coronation program, etc. during the term of the out of school suspension.
- School Property - Students will not be allowed on school property while suspended. Students may arrange for online academic support with classroom teachers before or after school hours.
