Re: Weather issues and subsequent impacts on calendar

I write to let you all know where we are on school days as per weather issues.

eLearning vs. snow days: By state statute 120A.414 each school in the state is allowed 5 eLearning days. We have used 4.5 of those days. We have used two snow days. Those days need to be made up on Mondays. Please see the dates below.

Here is our plan moving forward: On January 9, 2023, the MACCRA Y School Board approved February 6 and March 13 as make up days for the two snow days already used. We understand that utilizing these Mondays may conflict with previous appointments; however, being able to use a Monday in lieu of extending the school year was something that the Board felt was important.

Make up days so far: The Board approved **March 27, April 17, and May 1, 15, and 22** as five extra snow makeup days, if needed. I have reached out to Representative Dave Baker to ascertain if the State Legislature will consider special permission for either additional eLearning Days or forgiving snow days.

There is a possibility that in the future, we could adjust to “Buses on plowed roads only”. We know from past experience that when we have this much snow this early, we tend to continue to have more snow issues. Should we switch to this method, please be on the lookout for more information.

As always, if you need to call John to indicate that your road is impassable or if your child(ren) are not riding, call Palmer Bus at 847-3109.

I will also be in communication with you as we add snow days.

Sherri Broderius

Superintendent, MACCRA Y Public Schools
